Unit of Certification	2	3	4	5
Method of capture:	Pelagic trawl	Fish trap	Pelagic trawl	Fish trap
Management System:	EU and Russian Federation agreement on the joint management of the Baltic Sea. EU Common Fisheries Policy			
Client Group:	Finland Fishermen's Association / Suomen Ammattikalastajaliitto R.Y.			

The point(s) at which fish and fish products may enter a chain of custody:

The point at which ownership of the product changes is the point of first sale. Chain of custody should therefore begin at the point of first sale.

The parties, or categories of parties, that are entitled to use this certificate to enter fish from the certified fishery into certified chains of custody:

An up to date vessel list for both trawl and trap fisheries can be found on the MSC website or by contacting Lloyd's Register.

Other eligible fishers are trawl operators in the Baltic Sea not included in the UoC(s) above. This is based on a certificate sharing arrangement which includes an agreement of code of conduct and contribution to costs (this is available to view on the MSC website or by contacting Lloyd's Register).
